Skills

Knowledge of medical procedures and management

Strong interpersonal and communication skills

Ability to diagnose and treat various medical conditions

Proficient in electronic medical records (EMR) and medical charting

Experience in providing patient education and counseling

Familiarity with healthcare regulations and standards

Team building and management

As a doctor, my passion lies in providing optimal healthcare service to patients. My key strengths include ability to establish strong and empathetic relationships with patients and to stay up-to-date on the latest developments in the healthcare industry. Eager to improvise skills, learn new techniques and gain experience along the journey via a team of healthcare professionals who share my passion.
